WALLWRAP**WATERPROOF INSULATION****Heavy Duty Superstrong -
Antiglare Finish****USE:**

SUPERSTRONG is ideal for use as an external wall wrap for dwellings as a protective barrier.

It is also extremely well suited for a variety of commercial/industrial applications where a strong, durable and waterproof insulation is required.

**DESCRIPTION:**

Superstrong Insulation consists of a layer of aluminium reflective foil laminated to a woven polypropylene mesh to form a rugged, durable aluminium foil insulation product.

VAPOUR BARRIER:

SUPERSTRONG provides an excellent barrier against water vapour. When overlapped and taped **SUPERSTRONG** assists in preventing condensation to walls.

DURABILITY:

The combination of woven polypropylene fabric laminated to aluminium reflective foil provides a highly durable pleasing to handle waterproof building membrane

FLAME RETARDANT:

When tested in accordance with Australian Standard 1530 part 2, **SUPERSTRONG** has a very low flammability index of 1.

Supplied by:

**Fairbanks Building &
Garden Supplies**
(03) 9357 8600

Glenbarry Road, Campbellfield
Victoria 3061

STANDARDS COMPLIANCE:

SUPERSTRONG complies with all the requirements of AS/NZS 4200.1:1994 as a Heavy Duty Foil.

PHYSICAL PROPERTIES:

Tested in accordance and complies with the requirements of Australian Standard AS/NZS 4200.1: 1994.
